

WALLACE IN HUFF QUITS; TAFT MAD

Stormy Session of Panama Canal Board, Ending With Resignation of Engineer.

DEPARTMENTAL RED TAPE

Wallace Criticizes Management, and Taft Accuses Wallace of Insubordination.

(Special to The Times-Dispatch.) NEW YORK, June 26.—Announcement was made today, and practically confirmed by Theodore P. Shonta, president of the Panama Canal Commission, that John P. Wallace, chief engineer of the canal, and a member of the commission, has resigned his office, and that the resignations will be accepted formally at Washington to-morrow or Wednesday.

For the resignations there are two versions, one coming from friends of some of the canal commission, the other from friends of Mr. Wallace. The first is to the effect that the resignation of Mr. Wallace was requested because of differences between the chief engineer, members of the commission, Secretary Taft, and through the latter, with President Roosevelt. The other deals with department red tape and hampering executive orders, which have led Mr. Wallace to accept a position of as great importance as the head of a great railway system.

Accounts agree that the conference was stormy after Mr. Wallace had announced his reasons for coming. Mr. Taft, it is said, lost his temper and made certain remarks which Mr. Wallace was inclined to resent.

The discussion thereafter was frank and open, Mr. Wallace telling Mr. Taft that if they wanted the canal dug right they must change their present system of managing and supervision by placing one strong man at the head of the work, allow him to come and go as he chooses, cut away the red tape that binds everything, apply ordinary business methods and hold him responsible.

Mr. Taft accused the engineer of hampering the administration by various actions, particularly in getting out, and announced that he did not care how soon the resignation was presented. It was presented on the spot, accounts say, but, being directed to the President, it had to go to Washington, where it is now in the executive offices at the White House awaiting acceptance.

MORTON MOVES TO RECOVER MONEY

(By Associated Press.)

NEW YORK, June 26.—As chairman of the Equitable Life Assurance Society's board of directors, Paul Morton has begun proceedings to recover money alleged to have been wrongfully taken from the society, and he also has cut off certain perquisites in the society. Mr. Morton to-night made a statement, in which he said he had retained Austin G. Fox and Wallace McFarlane as special counsel for the Equitable "to institute such legal proceedings as they may consider to be appropriate for the recovery of any money and property to which the Equitable is found to be entitled."

The statement said that directors have heretofore been allowed \$25 for attending committee meetings, whether present or not. This has been changed, and no director will get fees unless present, and no employee who is a director will receive a fee.

FOLK WILL RAID BETTING RING

(By Associated Press.)

JEFFERSON CITY, Mo., June 26.—Governor Folk, in an interview today, declared that either the Missouri National Guard, or the St. Louis Police Department, would be directed to raid the alleged twenty-four hours to raid the alleged book-makers at Delmar race track. The Governor has discovered that section 14, of the St. Louis charter, which gives to St. Louis the same powers in the county as in the city.

MALARIA UNDERMINES THE HEALTH

When the germs of malaria enter the blood the entire health is affected, and if the blood is not purified of these germs and microbes, Chronic Sores and Ulcers, Liver Spitchies, Chills and Fevers, Bile, Acids, and Pains, and a great variety of troubles manifest themselves, and soon the entire system is undermined, leaving the sufferer a prey to a most miserable, weak and nervous condition.

918 W. Market St., Louisville, Ky.
For several years I suffered with Chills and Fevers, caused by Malaria in my system, and each summer for several years I would have a relapse. Finally a physician prescribed S. S. S. I took a few bottles; this was about six years ago. It entirely cured me, and I have never been troubled with the disease since. No other medicine could have given me so complete and immediate relief, and I am now in business as a partner in a large firm. I am now taking S. S. S. for an eruption of the skin, and a general run-down condition of the system, and although I have taken but one bottle, already commences to feel better. I. SHAPOFF.

S. S. S. counteracts and drives all the poison from the blood and builds up the system by its fine purifying qualities and tonic effects. It strengthens every part, increases the appetite, helps the stomach and digestion, and by supplying the body with rich, pure blood, cures Malaria and all its disagreeable ailments. Unlike most blood medicines S. S. S. is purely vegetable. It does not contain a particle of mineral of any kind to disagreeably affect the stomach, digestion and bowels, but by cleansing and strengthening the blood, puts every part of the body in healthy condition. Book on the blood and any medical advice desired without charge.

ENGLAND NOW HAS KAISER MAD

Relations Between Two Countries Never Worse Than at Present.

MUTTERINGS OF THE PRESS

Alleged British Attempt to Embroider Germany and France. Incident of Weddings.

(By Associated Press.) BERLIN, June 26.—Throughout the German press a growing impatience is manifested at what is regarded as a British attempt to embroil Germany and France. It is noted with satisfaction that some of the French statesmen begin to interpret Great Britain's interest in the Franco-German difficulty in the same way.

Similar views are expressed in the German press. It is noted that the relations between Germany and Great Britain never were worse than at this moment. Hints dropped in official circles indicate that chagrin was felt at the Berlin court at the fact that King Edward sent no more important representatives to the Crown Prince's wedding than the young Prince Arthur of Connaught, while it is plainly intimated that the failure of Emperor William to send any representative at all to the wedding of Princess Margaret of Connaught was intended to give expression to his resentment at the incident.

In view of this tension between Berlin and London, it is believed that Germany will make many concessions in order to reach an understanding with France.

TRIED TO SAVE HER.

Boy Said He Took Watch, But Police Do Not Believe Him.

Mary E. Wharton, a white woman, fifty years of age, was arrested yesterday by Detective Willsie upon a warrant charging her with stealing a watch of the value of \$30 from George Richardson, the woman claims that she found the watch.

Shortly after she was arrested yesterday afternoon, her little ten-year-old grandson, Oscar Adams, came to the station house, and surrendering himself to the officers said that he had stolen the watch and not his grandmother. The police saw through the "game" and would not take the little fellow's word. He will be taken in charge, in all probability, by the Children's Society.

Warren Baughan, a seventeen-year-old boy, was arrested last night by an officer upon a charge of being disorderly on Chimborazo Park.

Personals and Briefs.

Colonel L. W. Lane, Jr., Commissioner of State Hospitals, was in the city for a short time yesterday, stopping at Murphy's while here.

Colonel Francis L. Smith, of Alexandria, arrived in the city yesterday, a guest at Murphy's. He was a member of the Constitutional Convention of 1901-2.

Mr. F. H. Brockenborough, of Lexington, among yesterday's arrivals at Murphy's.

President Stevens Home To-Day.

President George W. Stevens and party, who have been on a tour of Europe for two months, arrived in New York Sunday from the White Star liner Celtic, and wired announcement of his safe return. He is expected to arrive in the city tomorrow, but will arrive with his family to-day. During their entire trip from the shores of the Mediterranean to New York, where they sailed for home, the entire party have enjoyed excellent health and have been immune from accidents.

Chairman Slep Here.

Mr. C. B. Slep, of Big Stone Gap, was in the city Sunday, but left in the evening for Eastern Virginia. He stopped at the Richmond Hotel while here, and saw but few of his friends in this city. The new chairman is actively at work preparing for the coming campaign, which will be a vigorous one on the part of the candidates, who have so long been quiescent in State elections.

Wise County Democrats.

Former State Senator R. D. Bruce, of Wise county, arrived in the city yesterday and is registered at Murphy's. Mr. Bruce is taking very little interest in politics, and is devoting himself to his business, his retirement from public life. He is regarded as one of the ablest of the younger Democrats of the Southwest.

Death of His Sister.

Mr. James W. Kenney, of Richmond College, received a telegram yesterday announcing the death of his youngest sister, Miss Anne Kelly Kenney, who died in Covington, Va. The telegram said she was in Buena Vista.

NOW SEEKING TO MOLIFY CHINESE

(Special to The Times-Dispatch.) WASHINGTON, June 26.—President Roosevelt, in an order made public yesterday, seeks to mollify the Chinese who are boycotting American commerce and manufactures because of the exclusion law. While Secretary Delcay says the satisfaction is with the law itself, the President believes it is merely with the harsh enforcement of it, especially in the case of Chinese laborers. The order, in effect, classifies the former being under the law entitled to enter. Complaint is made that these are subjected to unnecessary annoyances.

Johnson Beats Monroe.

(By Associated Press.) PHILADELPHIA, June 26.—Jack Johnson, of California, had much the best of the six-round bout with Jack Munroe, of Montana, to-night at the National Athletic Club. The fight was hard and fast.

WALLACE PLAYERS IN "WHOSE BABY IS IT?"

The Frank Wallace Company appeared last night at the Casino in a farce entitled "Whose Baby Is It?" The piece has been played here before, under other titles, and the audience recognized it before the curtain had been up many minutes.

The farce, while it may not be called too broad, is constantly keeping the audience in suspense as to just how far it will go. Sometimes it may get very near the line which marks the boundary between that which may be tolerated and that which may not. Once or twice it gets beyond the limits, but not far enough to seriously shock any one who is accustomed to the playhouse. The farce certainly has the French flavor, and some will call it rather naughty.

The company presenting it was formerly known as the Wallace Company, and was changed, when a farce entitled "Turned Up!" will be presented.

IS DISGRACE TO COUNTRY, HE SAYS

Taft Assails Method of Administration of Criminal Law in the States.

(By Associated Press.)

NEW HAVEN, CONN., June 26.—William H. Taft, Secretary of War, delivered the address to the Yale law school graduating class to-day on "The Administration of Criminal Law."

Defending the policy of refusing trial by jury to the Philippines, Mr. Taft said that trial by jury had come to be regarded as a fetish to such an extent that State legislatures have exalted the power of the jury and diminished the power of the court. The result of this Mr. Taft pointed out, was a great increase in crimes of the felony class. The administration of criminal law in the States, Mr. Taft declared to be a disgrace to our civilization. He hardly thought it encouraged us to think it wise to introduce a system of jury trials in the Philippines.

Mr. Taft suggested, as remedies, the restriction of the right of appeal and giving to judges the power to comment on the evidence and express their opinion to the jury on the fact. He concluded: "Our country is disgusted by the number of lynchings that occur, both in the North and in the South, and excuses are sought for the horrid and fiendish cruelties perpetrated by mobs in such cases in some other cause than the delays of justice. Instances are cited of where the mob has executed men whom they had every reason to believe were to be justly punished under the law, to show that an improvement in the criminal procedure would not prevent lynchings. But every man of airs who has studied the subject at all, knows that if men who are convicted, there would be no mob for the purpose of lynching. Nothing but a radical improvement in our administration of criminal law will prevent the growth in the number of lynchings in the United States that bring the blush of shame to every lover of his country."

NEWS GATHERED FROM SOUTHSIDE

Mr. James F. Marshall Succumbs at Last to Protracted Illness.

MAYOR DELIVERS MEDALS

Stumbles in His Latin—Dr. Baldy is to Leave To-day.

Manchester Bureau, Times-Dispatch. Mr. James F. Marshall, who had been ill for so long a time, died Sunday afternoon in his sixtieth year, at his home, No. 212 West Twelfth Street.

Mr. Marshall was born in Prince George county, and served his State in the Confederate army. He leaves his wife, Mrs. Hannah Marshall, five sons—Harry, Frank, Aubrey, Charles and Henry; two daughters, Miss Virgie and Mrs. Wilbur Baugh, and one brother, Charles Marshall, and one sister, Mrs. Sarah Lindsay, of Rice Station, Prince George county. He was a member of the Baptist Church, and a member of Rocky Ridge, Council, No. 36, Jr. O. U. A. M., and the Carmon's Union. The funeral services were conducted by the Rev. Dr. Criffin and Rev. A. B. Sharp from the Fifth Street Methodist Church at 3 o'clock yesterday afternoon. Interment was in Maury Cemetery.

Mayor Delivers Medals.

As chief executive of the town; as a silver-tongued orator, and as a man of parts, Mayor Maurice was asked to deliver the closing address Friday night before Mrs. E. H. Trainum's music class. The general mayor made a very appropriate talk and acquitted himself as a man of his position should. Aside from the eloquent address, the most important event of the evening was the presentation by the speaker of two medals, one to Miss Ella Davidson and Miss Addie Talbot, and then, as a sweet and touching climax to the whole programme came the presentation of a brooch, Miss Trainum, a gift of appreciation given her by the class. Miss Jennie Lewis added much to the evening's entertainment by her delightful singing.

Personals and Briefs.

There will be a joint meeting to-night of the City Assembly and Board of Aldermen for the purpose of electing four members to the school board and also to take such action as may be deemed necessary concerning the resignation of Dr. M. P. Rucker as president of the Board of Health.

Lewis Richardson, colored, for whom a warrant was issued on June 15th, was arrested last night by Sheriff Jones on a warrant charging him with stealing \$3.50 from Tom Fowler.

Mr. George E. Shanks, a former citizen of Manchester, and now of Amelia county, was in the city yesterday, visiting his old friends.

Stuart Lodge of I. O. O. F. will hold a meeting to-night.

Mrs. T. Walthall, of Ninth Street, is desperately ill.

The funeral of Mrs. Pele occurred at 4 o'clock Sunday afternoon from Maury Memorial Church. Interment was in Hollywood Cemetery.

Rev. W. W. Sisk, formerly pastor of Clifton Street Baptist Church, has accepted a call to Hermitage and Olivet Churches, King of the Mountain county.

Rev. Dr. Baldy leaves to-day for New York, whence he will sail to England to attend the great Baptist convention.

No Successor Yet.

Dr. J. W. Southall, superintendent of Public Instruction has not yet designated a successor to Mr. John A. McGilvray, as second clerk to the Department of Public Instruction, but there are already several applicants for the place. Among the number is Mr. E. W. Minor, of this city, and Judge Christian, of Appomattox county, and Mr. J. H. Johnson, of Accomac, who is now employed in the office of the auditor of public accounts.

It is expected that the appointment will be announced in a few days, but Dr. Southall is not in the city, and no positive announcement can be made until he returns.

Money Will Go Through.

Postmaster Wray T. Knight has just succeeded in effecting arrangements whereby registered mail will be promptly transmitted from this city to New York and the great money centers, whether the regular train be on time or late. These remittances by the bankers are sent on train No. 40, leaving here at 8:05 P. M., but when that train is late an extra No. 40 is run, and the registered mail is sent thereon in charge of a special railway mail clerk. This arrangement became effective yesterday for the first time. This plan is of immense benefit to bankers and brokers, for without it thousands of affairs would be held over the twenty-four hours before reaching its destination. Mr. Knight has been endeavoring to effect this arrangement for some time, but has just succeeded in doing so. He was aided in the effort by the Chamber of Commerce.

Senator Martin's Dates.

Senator Thomas S. Martin will remain in this city until Monday, when he will start out Monday on a week's work among the sovereigns. He will begin his tour at Charlottesville, where he will have an address to the people of that county next Monday, July 3d.

July 4th and 5th, the senator will attend the Culpeper Home Show, but is not announced to speak. On July 5th, he will address the voters of King George county. He will cross over to the Eastern Shore and speak at Eastville on July 10th.

On July 15th, Senator Martin will speak at Christiansburg, in the west end of Congressman Glass's district. Thence he will go to Chatham, the county east of Pittsylvania, where he is scheduled to speak on the 17th.

Dr. Oppenheimer Will Run.

Dr. Cary Oppenheimer has been urged by friends to run for the same position in the Council that will soon be made vacant by the retirement of Mr. Glenn, who has been elected to the House of Delegates.

Dr. Oppenheimer has decided to enter the race, and with this strong political backing and his great personal popularity, he will be a formidable competitor for the place.

Dr. Oppenheimer, when seen last night, stated that he had only agreed to allow his name to be used after the repeated urgent requests of many voters in his ward, but that now that he had decided to run for the position, he was in the race to the end.
